

Quarterly magazine curated by and for the Kyle of Sutherland children

P4-P7 Gledfield pupils enjoyed Bikeability with Julie Cleghorn (Highlife Highland).

Enjoying the outdoors

Local primary schools pupils are making the most of outdoor learning, no matter the weather!

Cian and Bruce are pictured next to a hedgehog house they created in the school playground to provide shelter for any lost hedgehogs that needed a home. (Bonar Bridge)

Beatrix, P1 - Under The Sea Play (Rosehall)

#remembranceday

Children from nursery to P7 painted stones and placed these at the war memorial in Ardgay village.

#nursery

Halloween party

Sweeping leaves

Polytunnel: We would like to thank Kyle of Sutherland Development Trust, Duchess of Westminster Fund and our gardener volunteers Jean & Jenny for the progress so far. The frame was erected during the October holidays. The cover will go on in the spring when the weather is warmer. Watch this space for further developments!

Children in Need: Gledfield Primary School managed to raise an impressive £100.01 for Children in Need this year. The children gave a donation for wearing non-uniform and had a Duck Race, well done to our Winner Nixie with Quackman & Bobbin.

Spider & Haggis: These particularly special sheep are cared for by Angus and Magnus who are in the big class. We had been learning about sheep and their needs in class so this was a chance to look at them closely.

#bikeability

Octavia, P4: My bike is one-year-old. It is squeaky and purple. It's got a bell and some pink on it. It's got a reflector on the front so a car would see me. **Maddie, P7:** Sometimes I cycle to school. Since I've been to Bikeability I have learned the turning signal. My bike is called Silver because it is silver. **Kieran, P6:** Me and my brother go out on our bikes every single day. We stay out for two hours, which is 120 minutes.

We get out of breath because we are cycling too fast. **Grace, P4:** At Bikeability we are learning how to bike safely. My black bike has multi-coloured flowers on it. **Dylan, P5:** My bike is black and it goes fast. It is 18 years old. The 'emergency look back' is to check if there is a car coming. **Magnus, P5:** In a group we try to keep a safe distance from one another. Once I fell off my bike into a ditch at Achiltibuie but I was OK.

Innis, P4: Being on my bike is fun. I remember to look over my right shoulder before I start cycling to check what's behind. **Angus, P6:** I like my bike because it is cool. Remember to look ahead for any hazards in the road - like stray sheep. **Dallas, P5:** My bike can go up to 20mph when I go down to Ardgay. I always look for cars when I cross the road with my bike. It has really good tyres.

#remembranceday

The pupils in the P5,6,7 class at Bonar Bridge Primary School created some art work to commemorate those who lost their lives in wars and also those who have fought. They all created very individual art pieces, some of which can be seen in these photos.

#outdoorfun

Nature hunt on their woodland walk.

Theo, Harry, Cora and Charlotte carrying water to fill their new mud pit. It was very, very messy!

Bonar Bridge Primary

#knightsandcastles

Our P2,3,4 class were learning about Knights and Castles last term. The pupils enjoyed making their own 3D models of castles and created their own knight using drinks bottles and other recyclable materials. See Jay with his castle and Holly with her knight. The third photo is a picture of the classroom door – turned into a castle door, complete with draw-bridge!

#remembranceday

Rosehall Primary

Dylan, P7

Cara, P6

Jack, P7

Kyle, P5

Angus, P5

Tiana, P6

#bughotel

Duncan, P2 and Connor, P3 weatherproofing the Bug Hotel.

Maddi, P3, Rosalie, P3 and Beatrix, P1 'cementing' and nailing down the bark roof on the Bug Hotel.

P1-7 outdoor learning!
