## #Lockdown Lego Challenge

To make something useful or necessary to help people, or to cheer them up, during lockdown

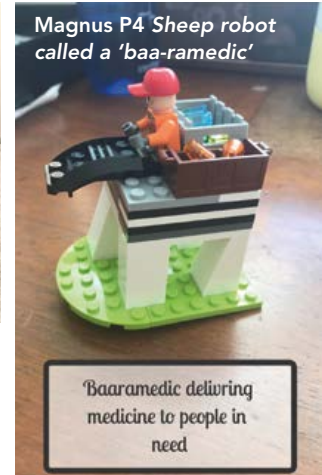

Octavia P3

Rebekah P4

Max P4

Magnus P4 Sheep robot called a 'baa-ramedic'

'Baaramedic delivering medicine to people in need'

Maddie P6

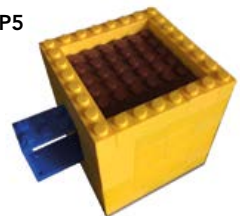

Bella P5

Rebekah P4 – I made a Lego campervan, because no one can travel just now. It will help people think that they are on holiday but they are in their back garden. You can pretend that you are in Disneyworld, the beach, Turkey or Spain. I would definitely recommend a campervan in your back garden.

Maddie P6 – this is my lockdown survival pod. There is a computer so you can facetime relatives (or you can stay outside in the car). There is enough room to allow social distancing too.

Bella P5 – all the things that children would need to get through lockdown - pets, music, reading material, food, and a handy getaway boat.

## #Reporting good news

### The Guilmour Gazette Incredible Ishbel Sews Scrubs

Reporter Conor Douglas

Local resident Ishbel Ross makes good use of her sewing skills to make scrubs for NHS. Due to COVID 19 hospitals are filling up rapidly and nurses are in desperate need of more scrubs. This prompted Ishbel Ross from Bonar bridge to immediately start making scrubs for NHS staff. Ishbel took to Facebook asking for donations to buy fabric for the scrubs and the local community people supported by donating £700 to this worthy cause.

## GOOD NEWS CHRONICLE

### Northern India shocked to see the Himalayas for the first time in 30 years

Report by Katie Lobban

The people of India woke up to an unexpected sight of the Himalayas and immediately we know it's due to the lockdown that has been put in place due to the coronavirus. Since India has been put in lockdown people have seen a dramatic decrease in pollution, as you can now see the Himalayas from about 200km away.

### GOOD NEWS PAPER Wellington The Great Explorer Aaron Munro

Many people are finding lockdown boring but for Wellington it has been a door to a new adventure. 30 year old Wellington is a Rockhopper Penguin who lives in the Shedd Aquarium in Chicago. With the Aquarium currently closed to visitors, Wellington has been allowed out from his enclosure taking daily field trips exploring the Aquarium and visiting the other animals.

## #Lockdown rainbows

Chloe P7: "I just used some black card and acrylic paint and acrylic paint pens. I really like the aboriginal style of artwork and decided to do a slightly different style of rainbow... following the aboriginal design. The rainbow serpent is an immortal being creating God in the Aboriginal Mythology. It is a popular image in the shape of a rainbow and a snake."
